

Fri Feb 20, 2015

On this day we wear purple to remember and honour Tessa Beauchamp who lost her courageous battle with cancer at the age of 18. Tessa embodied the ideals of service, faith, sport and academic excellence.

We are encouraging students across the province to raise funds for the charity of their choice or find ways to make a difference in their community!

Schools are encouraged to tell us what you did on that day---give us photos, a blog, tweet, etc.. that we can post to the website—give us your stories! You can also post your activities on our facebook page.
